Declaration of Conflict Materials Compliance Statement

As a responsible company, Sensotek Ltd supports the goal of the Dodd-Frank Act of preventing armed groups in the Democratic Republic of the Congo and adjoining countries from benefitting from the sourcing of Conflict Materials from that region.

As a manufacturer who uses branded and private label components manufactured by companies located around the world, Sensotek Ltd is invariably many levels away from the beginning of the supply chain for the products it distributes.

Sensotek Ltd does not knowingly directly purchase any raw Conflict Materials from any source or use any components containing Conflict Materials in its products.
